

Work sheet

COMMUNITY CLEAN-UP SUPPORT GRANTS

June 2021 Flood and Storm

This work sheet is not an application form, however it provides a list of question to help councils prepare for when the Community Clean-up Support Grant applications open on Tuesday 8 March 2022.

Project Details	
What is the title of your project? 10 character limit	
Provide a short summary of what you want to do: 200 character limit	
Selection criteria #1: Demonstrate how implementation of your project will deliver direct benefit to flood and storm affected communities and supports one or more of the objectives.	
How will your project support the program objectives and direct benefit(s) to communities? 500 character limit	

Selection criteria #2:

Applicants must demonstrate how the project will:

- Support broad community group involvement in the planning and delivery of community clean up recovery activities
- Build the capacity of community groups to support their communities and are enabled to take control of their recovery, and
- Consider highest value local reuse of fallen timber material.

How will your project ensure community groups are involved in activities and support capacity building opportunities?

500 character limit

How will your project consider the local reuse of fallen timber material?

250 character limit

Estimate the number of properties that will be supported through clean-up activities:

Provide the names of community groups that will be supported (where known) or you will seek to engage as part of this funding:

250 character limit

Selection criteria #3:

Applicants must demonstrate that their activities will occur in an eligible flood and storm affected area and describe how the flood and storm directly impacted that community.

How did the flood and storm directly impact your community?

500 character limit

What LGA will the project primarily take place in?

Select from dropdown menu

How will your project ensure community group involvement in activities and support capacity building opportunities?

500 character limit
