

Construction Update

Crews have been preparing the site for major construction

The Victorian Government is building a new tram maintenance and stabling facility for Melbourne’s new next-generation G Class trams on part of the site at 61-71 Hampstead Road in Maidstone.

The accessible, comfortable, and energy-efficient trams will start rolling out locally in the west on routes 57, 59 and 82 from 2025.

October road works

We’re closing the intersection and sections of Hampstead, Williamson and Wests roads from **9pm Friday 6 October to Saturday 28 October**. Access to businesses and homes will be maintained at all times.

Our crews will be working all day and night from **Friday 6 October to Tuesday 10 October**.

The northern lane of Williamson Road will close from **9pm Thursday 5 October to 5am Friday 6 October**.

We’re closing the intersection and roads to move underground services and drainage before laying new tram tracks on Hampstead and Williamson roads.

There will also be changes to tram and bus services during these works. See inside for more information about changes to how you travel.

**Keep up
to date**

Text **MAIDSTONE** to **0428 581 917** to stay up to date on traffic or public transport impacts.

What to expect

Detours in place for drivers and pedestrians

Traffic management and signage

Construction vehicles and machinery movements

Noise, dust and vibration

Additional lighting during night works

Please allow extra time when travelling through the area.

Changes to how you travel

Changes to public transport

Route 82 Tram

Buses replace trams on **Route 82** from **first tram Saturday 7 October** to **last tram Tuesday 10 October**.

The tram replacement bus will detour via Rosamond Road due to works on the tram line. While works take place we're temporarily closing tram stops:

- Stop 48 Raleigh Road and Wests Road
- Stop 49 Highpoint Shopping Centre and Wests Road
- Stop 50 Williamson Road and Wests Road.

Replacement buses will stop at all remaining Route 82 tram stops.

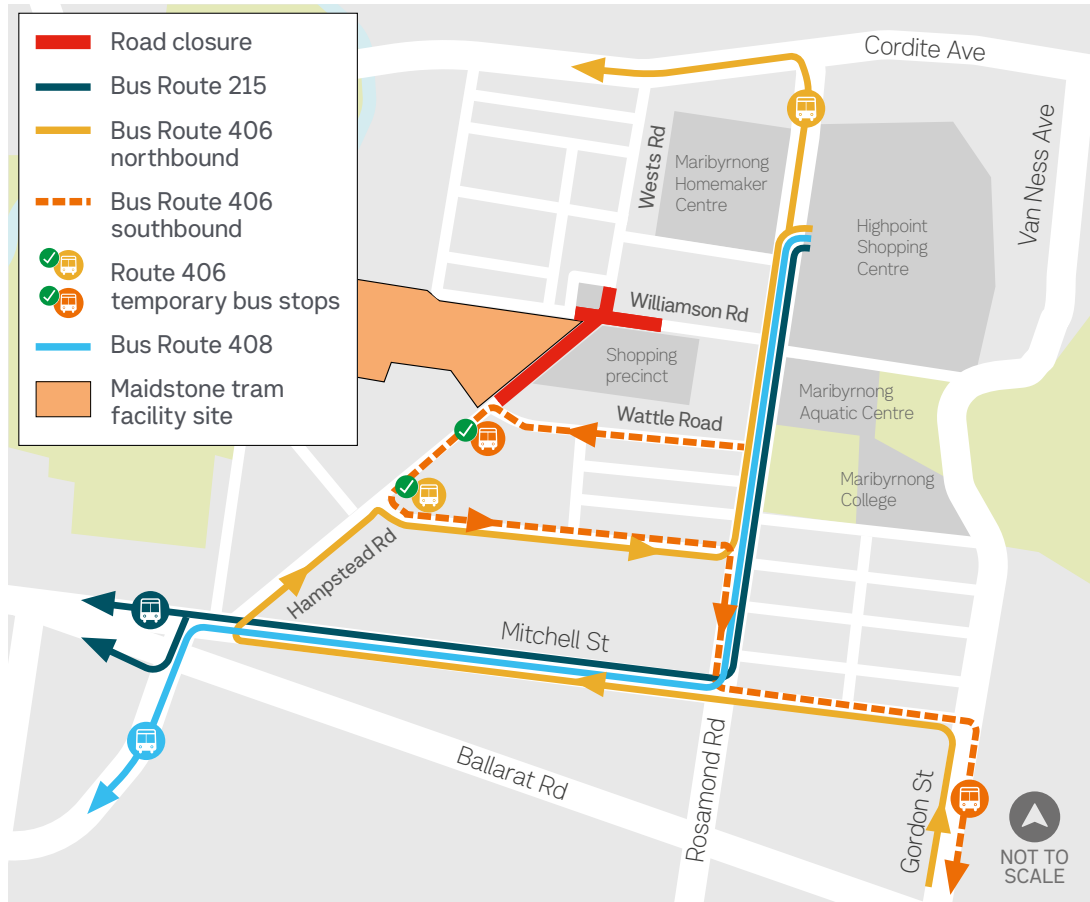

Bus routes 215, 406 and 408

Detours will be in place for buses on **routes 215, 406 and 408**, including the **Route 406** night network service, from **9pm Friday 6 October** to **5am Saturday 28 October**.

We're temporarily moving the **route 215, 406 and 408 bus stop** on the northern side of Williamson Road 100 metres east.

Passengers will be able to catch the bus from all existing bus stops outside of these detour routes.

Allow extra time

Please allow extra travel time and plan your journey at ptv.vic.gov.au or call **1800 800 007**.

Road detours

We're closing the intersection and sections of Hampstead, Williamson and Wests roads from **9pm Friday 6 October to Saturday 28 October**.

Hampstead Road

- Hampstead Road will be closed between Williamson Road and Wattle Road.
- Access to the shopping precinct on the corner of Hampstead and Williamson roads will be maintained via Williamson Road. Hampstead Road access will be closed.

Wests and Williamson roads

- Access to the Waterford Gardens shopping precinct will be maintained via Williamson or Wests roads.
- Access to Summus Apartments, Quest Apartments and The Gap Restaurant and Bar will be maintained via Wests Road.
- On-street parking on Williamson and Wests roads will be unavailable.

Plan ahead

Please plan ahead and allow extra travel time when moving through the area during these works.

As part of site preparations we've already moved 28,000 tonnes of dirt.

Preparing to widen Hampstead Road

To allow us to move underground services before laying new tram tracks, we need to remove some vegetation from the nature strips on Hampstead, Williamson and Wests roads.

This will also allow us to widen Hampstead Road to include dedicated right turn lanes at the intersection of Williamsons Road.

For every tree we remove we'll plant two trees, either as part of our landscaping or elsewhere in the local area.
