Pre-lodgement checklist

Relocate an existing licence or permit to a new address

This checklist details the documents required to accompany the lodgement of your application. Supplying these with your application will allow Liquor Control Victoria (LCV) to commence assessment of the application and can reduce processing time. Your application may be returned if the accompanying documents do not meet the requirements below. LCV may contact applicants to request additional documentation depending on the circumstances of their business.

All forms are available on LCV's website liquor.vic.gov.au

Please ensure the following forms/documents are attached to this application

Tick all boxes below when a requirement has been met, then sign and date your confirmation at the end of this form.

Application form

Please ensure:

- all fields on the application form are completed
- the nature of the business is detailed, clearly demonstrating why a liquor licence is sought
- trading hours are detailed for internal areas and (if applicable) any external areas where alcohol will be served
- the application form is signed and dated by the applicant
- that correct fees are attached, as detailed at vic.gov.au/liquor-licence-application-fees

Planning permit or evidence that a permit is not required

A copy of the planning permit from the local council (or responsible planning authority) showing that you have planning permission to supply liquor as detailed in your application OR a copy of an application for a planning permit made to the local council (or responsible planning authority).

Alternatively, you can provide evidence that a planning permit is not required to supply liquor as outlined in your application. For example, a letter from the local council (or responsible planning authority) or a copy of the relevant planning scheme.

Copy of the red-line plan

A licence is granted for a defined area on the premises. A copy of the plan of the premises with the proposed licensed area outlined in red are required for an application to be accepted.

The plan **must** meet requirements detailed in the 'Plans of licensed premises' fact sheet.

Maximum patron capacity

Patron capacity is the maximum number of patrons allowed on the licensed premises at any one time. A maximum patron capacity may be required to be endorsed on the licence.

For more information please refer to the 'other application requirements' section on the application form and the 'Maximum patron capacity' fact sheet.

Late night (past 1am) liquor licence supplementary form (if applicable)

For more information please refer to the 'other application requirements' section.

Declaration of Right to Occupy

Applicable if you have already obtained the right to occupy the proposed licensed premises.

If not, this document will need to be submitted to LCV when you have the right to occupy the premises.

Other application requirements

As part of your application you will also be required to provide:

1. The application fee

Please refer to vic.gov.au/liquor-licence-application-fees for current fees.

There is no GST payable on this fee.

The fee can be paid by cheque, money order or credit card.

Cheques and money orders are to be made payable to 'Liquor Control Victoria'.

If you wish to make payment by credit card, please lodge your completed application with LCV and we will contact you directly to arrange payment if your application is accepted

2. Planning permission (not required for the relocation of all types of renewable limited licences)

A copy of a planning permit from the local council (or responsible planning authority) which shows that you have planning permission to supply liquor at the new premises in accordance with your licence conditions. For example, this should show that you have planning permission at the new premises for the activities and trading hours permitted by the current licence and for the new area where you would like to supply liquor (red-line area). If a planning permit has not been granted at the time of application, you are required to provide a copy of an application for a planning permit made to the local council (or responsible planning authority).

Please note: If the new area where you would like to supply liquor includes the kerbside trading area, the planning permit must show you have permission to supply liquor in that area.

Alternatively, you can provide evidence that a planning permit is not required to supply liquor as outlined in your application. For example, a letter from the local council (or responsible planning authority) or a copy of the relevant planning scheme.

3. A plan of the premises

A copy of a plan of the premises must be submitted which meets the requirements specified by LCV. Please refer to the 'Plans of licensed premises' fact sheet.

4. Display of application (not required for BYO permits)

A public notice must be displayed at the premises that are the subject of the application.

After the application has been accepted, you or your representative will be advised in writing of the period the public notice must be displayed. The enclosed 'Statement of display' must be returned at the end of the display period. Refer to the enclosed 'Guidelines for displaying public notices'.

5. Maximum patron capacity

If you are applying to relocate a general, on-premises, late night general, late night on-premises, restaurant and cafe, restricted club or full club licence and the current licence does not have a maximum patron capacity endorsed you must provide documentation to assist LCV to determine a maximum patron capacity. Please refer to the 'Maximum patron capacity' fact sheet for more information.

6. Late night liquor licence

If your licence is a general, on-premises, late-night (general or on-premises) or renewable limited with trading hours past 1am and you are relocating to the municipality of Melbourne (including Docklands), Stonnington, Yarra or Port Phillip, Liquor Control Victoria must assess your application against the Victorian Government's Decision-Making Guidelines for late-night liquor licences in inner-Melbourne.

Please complete the 'Late night (past 1am) liquor licence supplementary form' available from liquor.vic.gov.au. The form must be lodged with your application.

Plans of licensed premises

When a liquor licence or BYO permit is granted, it is for a defined area where liquor can be supplied or consumed. This is shown by a red-line drawn on a plan of the premises. This plan needs to be submitted to Liquor Control Victoria (LCV) as part of the application process and may be required upon request at any time.

The plan of the premises must accompany applications for:

- a licence or BYO permit excluding a pre-retail licence or a BYO permit for party bus
- a variation of a licence or BYO permit that involves a change to the size or perimeter of the licensed premises
- a transfer of a licence or BYO permit if the current floor layout of the premises differs from the plan held at LCV
- the relocation of a licence or BYO permit.

Internal changes to premises

If a change is made to the internal area of licensed premises (for example, by adding or removing a particular structure), the licensee should submit an updated plan of the licensed premises.

LCV requesting a plan

In addition to the above, under section 130(1)(a) of the *Liquor Control Reform Act 1998* an authorised person (such as an LCV Inspector or member of Victoria Police) may at any time request information relevant to the operations or the management of the premises. This may include a current plan of a licensed premises.

Plan format

A plan must contain the following elements:

- be on suitably sized paper, minimum A4 size (graph paper is not acceptable)
- be drawn in ink and be neat and legible
- show the floor plan(s) of the owned or leased property
- note the size of the red-lined area in metres squared
- outline in red the boundaries of the proposed area to be licensed
- if the proposed area does not follow a physical barrier (such as a wall), describe what is being used to separate the area
- show clear and consistent measurements on the plan
- include the address of the premises
- include a compass point showing north and names of the surrounding streets
- show basic functions or fixtures, for example, bar and dining area/kitchen area or in the case of a packaged liquor outlet, shelf areas where alcohol is displayed and the cash register is located
- a plan should be drawn to a suitable scale so that all elements above are clearly identified. A suggested scale is 1:100 (1cm = 1m).

An example of a plan is provided below.

Restaurant and cafe licences and on-premises licences

If applying for kerbside trading, identify the area to be licensed and separately outline this area in on the plan. LCV will mark this area with an A.A on the approved copy of the plan. This area is referred to as the Authorised Area.

General licences

A general licence authorises the supply of liquor to patrons for consumption off the licensed premises, being a footpath or kerbside area. Therefore this area does not need to be identified on the plan.

Please note that licensees must comply with relevant local planning laws.

Where a proposed licensed or authorised area includes large outdoor spaces, a separate site plan must be provided that shows:

- the entire site including internal and external areas drawn to a suitable scale
- outline in red the proposed area that is to be licensed
- clear descriptions of how the proposed outdoor area will be distinguished (for example, fence, portable barriers, warning signs).

If the plan does not meet these requirements, the applicant will be required to resubmit the plan.

Storing an approved plan

A copy of the approved plan must be kept on the licensed premises and must be available for inspection on request by a member of Victoria Police or an LCV Inspector.

Failure to keep a copy of the plan on the licensed premises or produce a copy of the plan for inspection could result in a fine being issued.

If you do not have a copy of your approved plan, you can obtain a copy from LCV at no extra cost.

Maximum patron capacity

Liquor Control Victoria (LCV) has a maximum patron capacity policy that guides how patron capacity is determined for a liquor licence.

Maximum patron capacity is the maximum number of patrons allowed on a licensed premises at any one time. This is to prevent overcrowding inside the venue and to minimise impacts on local amenity. Patron capacity may be used to calculate the application fee and annual licence fee payable by each licensee.

Applicants will be required to provide specific documentation in order for LCV to determine and endorse maximum patron capacity for a premises.

Under the *Liquor Control Reform Act 1998* (the Act) LCV can set a maximum patron capacity as a condition of a liquor licence. This is enforceable, and penalties apply for licensees who do not comply.

This fact sheet explains how LCV determines maximum patron capacity for the purposes of the Act. It is the building owner's responsibility to ensure that building occupants comply with all other regulatory requirements.

Licences with a maximum patron capacity

Maximum patron capacity will be endorsed in respect of applications for the following new licences:

- general
- on-premises
- restaurant and cafe
- late night (on-premises and general)
- full club
- restricted club.

Some existing licences may also be endorsed with maximum patron capacities.

Maximum patron capacities may also be required on some major event licences where appropriate.

Determining maximum patron capacity

In the first instance, LCV will determine maximum patron capacity based on the maximum patron capacity stated within the most recently issued planning permit provided with the application.

If the planning permit does not contain a maximum patron capacity, or if the planning permit has not been granted by the local council prior to the grant of the liquor licence, applicants are encouraged to contact their local council to obtain a copy of an occupancy permit. LCV will then determine the maximum patron capacity based on the number stated on the occupancy permit.

In circumstances where neither the planning permit nor occupancy permit specify a maximum patron capacity, applicants are required to obtain a report from a registered building surveyor that states:

- the area in square metres available to the public for the whole of the internal premises (excluding toilets, passageways and the like) and (if applicable) for any external areas such as courtyards or decks, and
- the number of patrons that may be accommodated on the internal premises and (if applicable) on any external areas of the premises based on a ratio of one person per 0.75 square metres.

Please ensure that the report displays the building surveyor registration number.

Note: LCV may request a building report from a registered building surveyor showing a calculation based on a ratio of one person per 0.75 square metres if LCV considers that the capacity provided in the planning or occupancy permit is inaccurate or inappropriate. This may be requested in light of any information contained within the licence application and having regard to the objects of the Act.

Restaurant and cafe licences

For restaurant and cafe licences, tables and chairs must be available for at least 75 per cent of patrons. For example, if the licence states that maximum patron capacity is 100 patrons then there must be tables and chairs available for at least 75 patrons. Likewise, if there are tables and chairs available for only 50 patrons, a maximum of 66 patrons may be legally accommodated on the premises.

Patron capacity for specific areas

In addition to the overall maximum patron capacity for the licensed area, LCV may set separate patron capacities on specific areas within a licensed area, such as:

- balconies
- beer gardens.
- terraces and courtyards

Patron capacities allocated for specific areas are calculated in accordance with the methods listed above, as well as amenity considerations.

While LCV considers amenity as part of the patron number calculation, the relevant local council also retains responsibility for managing issues of amenity in each council region.

External areas

The overall maximum patron capacity for a licensed area is generally no larger than the maximum capacity allowed for the internal area of the premises.

This is to prevent overcrowding, and minimise sanitation and fire safety risks associated with patrons moving from outdoor to indoor areas, for example, to get a drink, to exit the premises or if it rains.

In some circumstances, LCV may consider increasing the overall maximum patron capacity to allow for external areas.

Applicants with external licensed areas who wish to apply for this increase can submit a building report from a registered building surveyor demonstrating that fire safety and sanitation arrangements for the additional patrons will be met.

Features of an external area that may support an increase to the overall maximum patron capacity include:

- an external area that is large compared to the internal area, such as a large beer garden
- effective weather proofing
- separate entrances and exits
- separate facilities such as bars and toilets.

Function and accommodation areas

Function and accommodation areas may be excluded from the overall maximum patron capacity, and may be given their own separate capacity limits.
